

# Jayson Garnham

Louth, Lincolnshire | 07598 761651 | j.garnham30@gmail.com

## Summary

---

Dynamic professional with a solid background in creative skills and organizational management. Proven ability to handle multiple tasks efficiently while maintaining a positive demeanor in high-pressure situations. Adaptive learner with a proactive approach to supporting team objects and ensuring operational efficiency.

## Creative Experience

---

**Assistant Engraver – John Greed Jewelry (Contract) Lincoln** **October 2025 – January 2026**

- Utilized software and a high-power laser to create and engrave high quality designs with accuracy.
- Verified finished products against specifications, ensuring quality through tailored checks.
- Designed customer requests in Adobe Illustrator, maintaining handwriting and detail.
- Respectfully and safely dealt with requests containing sensitive information and topics.

**Freelance Artist, Small Business Owner** **August 2024 - Present**

- Developed a portfolio website to highlight artworks and products to attract clients and conventions.
- Organized creative projects to maximize time and resource efficiency while reducing waste of materials.
- Ensured adherence to legal requirements, industry regulations and ethical standards while operating.
- Managed business finances, including budget, profit-and-loss statements, and sales analysis to ensure accuracy.
- Captured products and process photographs to post via social media to enhance visibility and retain a loyal customer base.

**Lead Animator – Unitemps (Contract) Nottingham** **June 2022 – September 2022**

- Managed client communications and organized meetings to identify brand guidelines and receive feedback on the project to ensure client satisfaction.
- Evaluated artists' work and offered constructive feedback to enhance design outcomes.
- Resolved animation software issues, maintaining efficient workflow for the team.
- Monitored project milestones and deadlines, ensuring completion and alignment with team and client goals.
- Utilised Adobe Creative Suite to create a series of animations suitable for multiple platforms.
